Hands-on across **Dataverse**, **MSAL/Entra External ID**, and **Azure Functions**, with deep front-end expertise in **React**, **TypeScript**, and **PCF**.

Experience

GlobalLogic India Pvt Ltd

Sept 2023 – Present

Software Engineer – Dynamics 365 & Power Platform

Noida, Uttar Pradesh

- Revamped the **Power Platform Admin Center Licensing UI** for Power Apps with the **Microsoft Engineering team**, surfacing realtime **license consumption** and a **12-month CSV export** preventing **\$1M+** revenue leakage.
- Engineered the **Event Registration Template** for the **D365 Marketing Event Portal**, now live as an official **Microsoft Power Pages** template; led **V1→V2** and **Bootstrap 3→5** migrations across legacy portals.
- Launched the **Power Pages community hub** (*community.microsoftbusinessapps.com*) with a custom **Carousel PCF**; shipped **Kentucky CHFS** and **CDPH D365** portal UIs, **showcased by Microsoft** in a winning customer demo.
- Shipped **PCF controls** – **Carousel**, **Text-to-Speech**, **RTO Calendar**, **PDF Viewer**, and a **Copilot Studio agent control** on the **Copilot Client SDK** with **MSAL** auth – embedded across Power Pages and a customer-facing **Canvas app**.
- Developed **C# .NET Core Web APIs** integrating **Dataverse**, **Azure AI Services**, and a **SQL Data Warehouse** for a custom **Licensing & Operations** application.
- Architected an **Azure Function** bridging the MDA Release Planner with the **GitHub API** to auto-generate markdown PRs, **significantly cutting release turnaround time**.
- Automated **Power Automate** workflows syncing **Azure DevOps** items with **Dataverse** rate-card tables and orchestrating the **Copilot Studio Licensing Rate Card** lifecycle.
- Designed **Copilot Studio agents** (Sales Insight with Dataverse knowledge, topics, **RBAC**, **custom Client ID/Secret** auth) and a **content moderation & relevance plugin** invoking Copilot at runtime.
- Built **MDA** tooling for Microsoft internal teams – **validation plugins** for **Microsoft Fabric** docs review/PR generation, **RBAC** for Release Planner, and Power Platform Community Site **Dataverse schema**; integrated **Entra External ID (MSAL)**, **Graph API**, and **Ping Identity SSO**.
